Classified Showcase & Career Source Ads

Black & White	\$300 per column inch (1 column = 2.1225" wide)
4-Color	\$500 per column inch

PMP ads, advertorials and sponsored content (print and digital) must avoid comparative content (e.g., research or testimonials comparing one company's products to another, or one category of solutions or one active ingredient to another). PMP's "fair play" advertising guidelines benefit our valued marketing partners as well as our loyal readers. Advertisers can trust PMP to not publish print or digital ads, advertorials or sponsored content that speak negatively about other companies, products, product categories or active ingredients. By keeping ad messages positive and non-comparative — sticking to each advertiser's own solutions (and their specifications, features and benefits) — we add credibility with our professional audience, and help all parties reduce related potential liabilities.
